

UWEP

YOUR VENUE UNDER THE SEA

POWERED BY

U-Boat Worx

SHARE YOUR DEEPSEA EXPERIENCES

The UWEP (Under Water Entertainment Platform) presents a new class of exceptionally spacious privately-operated entertainment submarines that can carry up to 120 guests (excluding crew and staff) in a fully conditioned environment to a depth of 150 meters.

The UWEP offers over 150 m² (1,600 sq. ft.) of configurable venue space that can be tailored to the operator's requirements.

A Michelin-star underwater restaurant, one-of-a-kind casino, unique conference location, world's most exclusive wedding venue; the possibilities are only limited by your imagination.

14 large windows with a diameter of 4.5 meters will connect the guests with the fascinating underwater world and the seemingly endless deep. A series of high intensity spotlights enlighten the surroundings of UWEP like wrecks, rock formations or beautiful corals and offer complete unknown sceneries and even a view on new forms of life.

With UWEP we are not talking about an attraction like a big aquarium with all kinds of underwater life exhibited in an unnatural way; no, we are talking about a real life experience of silence and beauty underwater. UWEP will offer people some insight of the mysteries of life underneath the surface. And what about a sparkling party in the twilight zone next to an impressive wreck or a quiet trip along the beautiful corals.

UWEP is the ultimate flexible platform and completely multipurpose. Entrepreneurs may come up with all their ideas to realise their ambitions.

TIMELESS UNDERWATER ADVENTURES

Embark on timeless submersible expeditions with the UWEP. Journey into an environment where time seemingly halts as you descend into the ocean's depths. Encounter the enchanting allure of marine life amidst the panoramic vistas afforded by the submersible's windows.

Whether you're exploring vivid coral reefs, crossing paths with majestic sea creatures, or observing the graceful ballet of underwater flora, the UWEP provides an opportunity to come across unique, unmatched encounters that transcends time.

With its luxurious amenities, impeccable service, and unwavering commitment to guest contentment, the UWEP forges everlasting memories while pushing the boundaries of underwater exploration. Prepare to be entranced by the enigmas of the deep and embark on a voyage that leaves an indelible imprint on your spirit.

Backed by abundant power, the UWEP can safely remain submerged with 120 passengers for up to 18 hours. The potential for multiple dives in a day is virtually limitless, optimizing your operations and return on investment. Featuring an expansive sundeck boasting over 85 m of space adorned with safety railings, guests can unwind and watch the sun set, following an exhilarating dive.

GENERAL ARRANGEMENT

STANDARD OPERATIONS

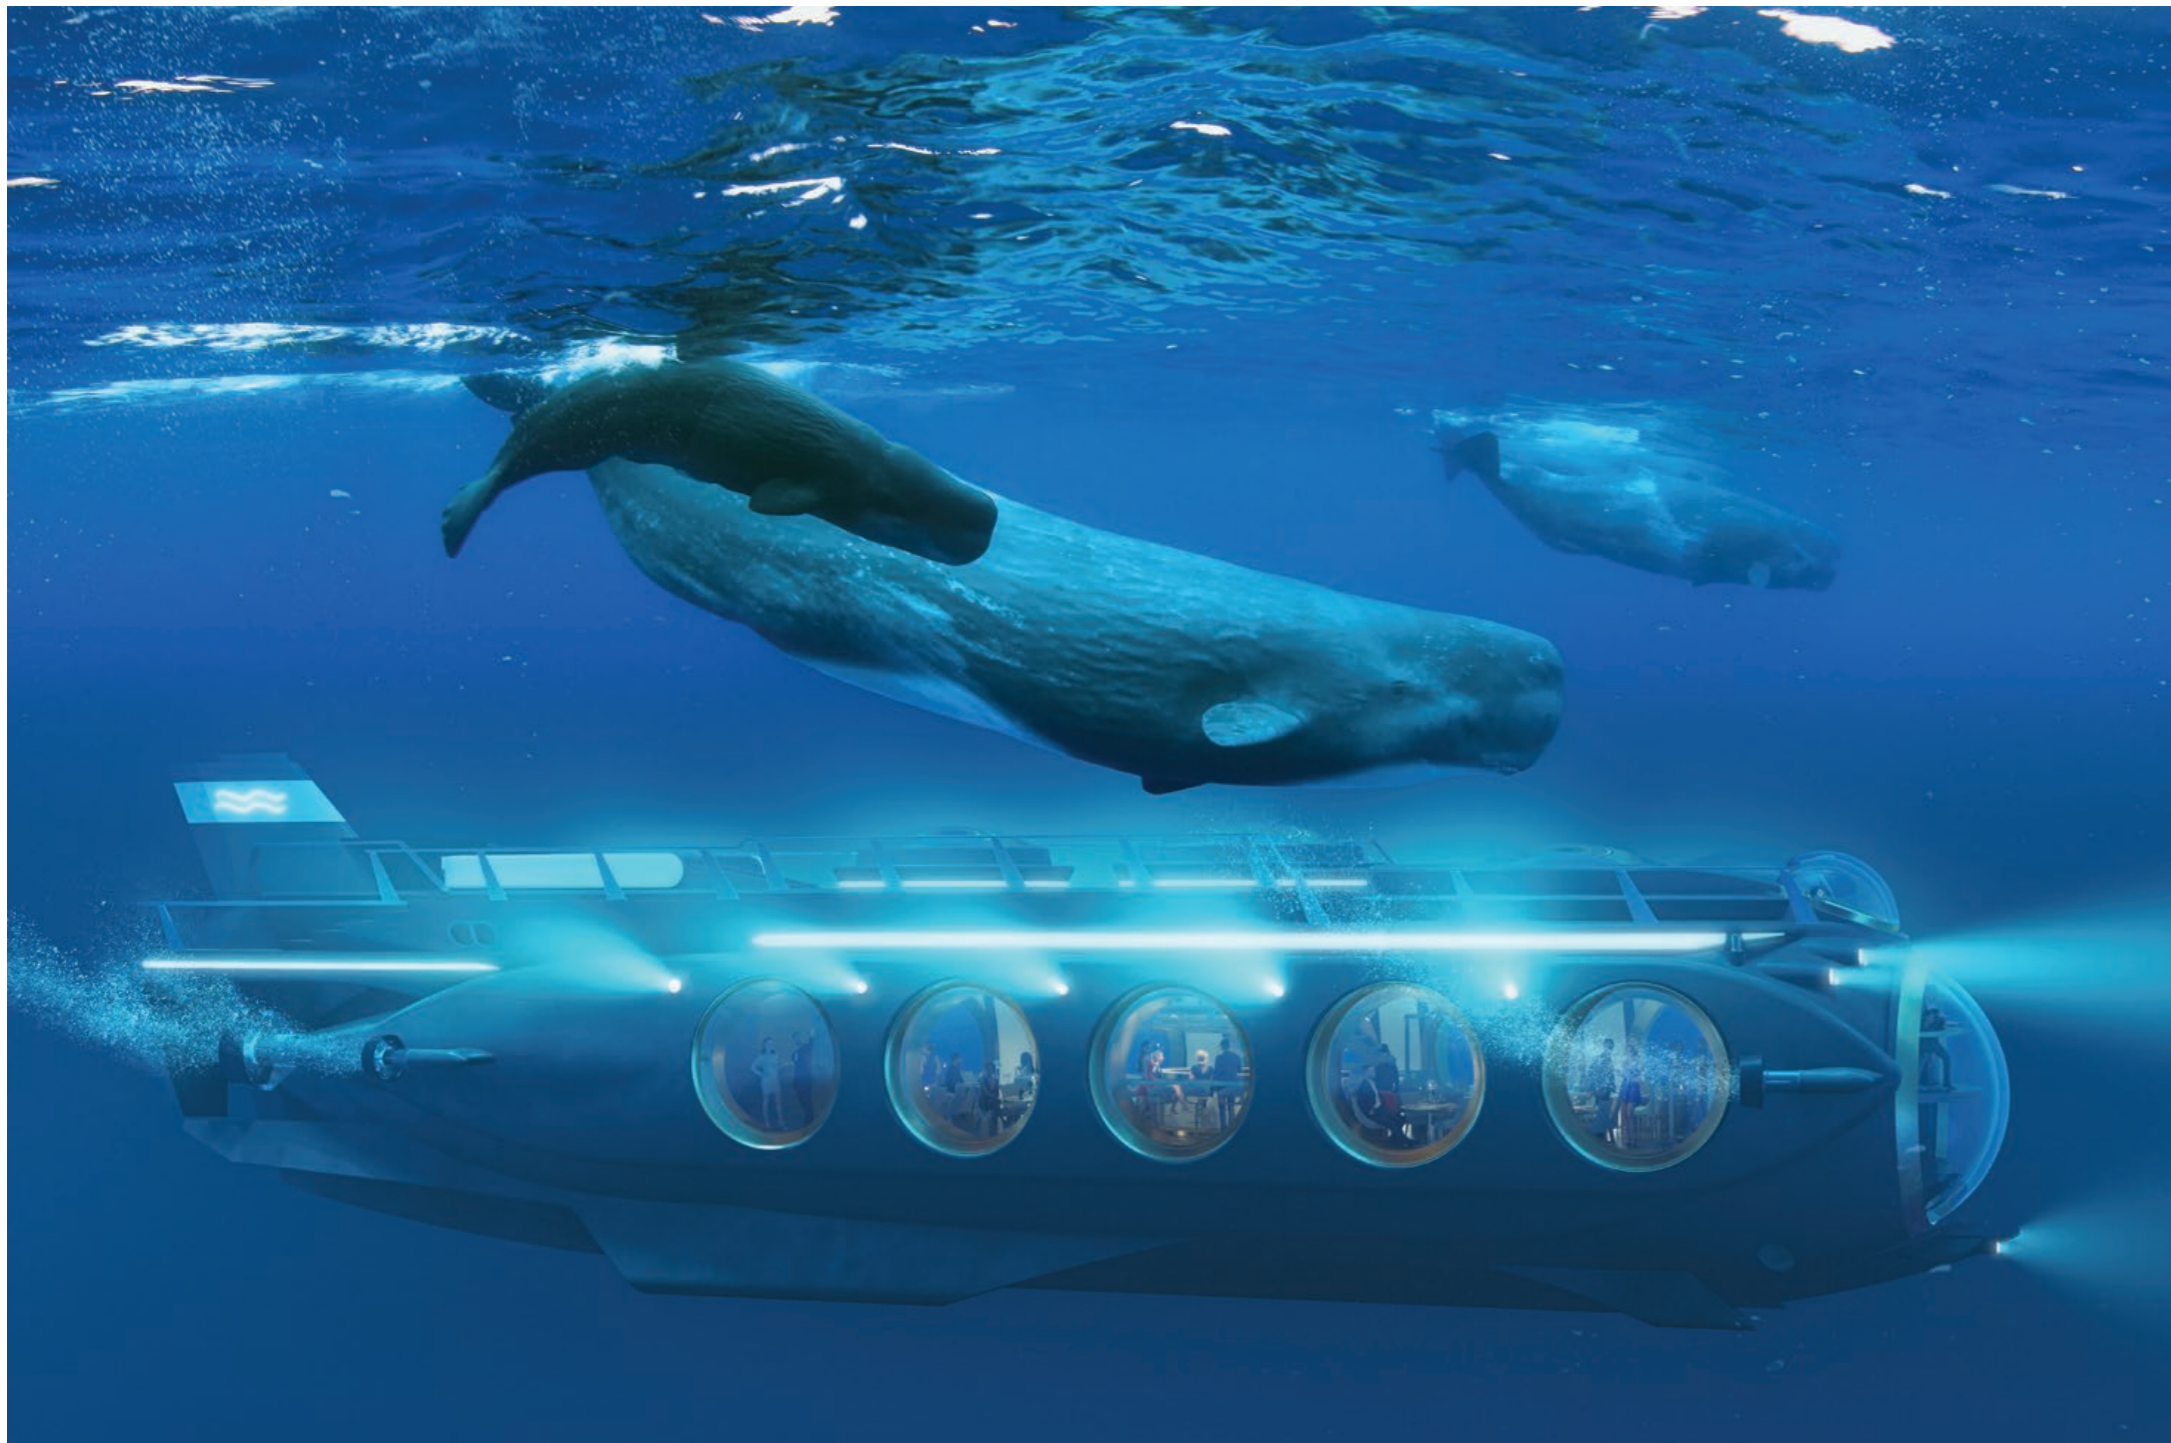

The Underwater Entertainment Platform (UWEP) operates with a primary focus on delivering incomparable dive experiences while maintaining a strong return on investment (ROI).

Meticulous planning and execution guarantee guests an outstanding voyage from the moment they step onboard.

By offering sophisticated amenities, personalized service, and captivating entertainment, the UWEP is poised to attract discerning clientele and generate substantial revenue.

Continuous assessment of financial performance, guest feedback, and industry trends empowers U-Boat Worx to adapt and enhance the UWEP's operations, ensuring sustained profitability.

This dedication to providing exceptional dive experiences alongside projected financial success positions the UWEP as a promising investment opportunity.

BUILDING PERFECTION

At U-Boat Worx we do everything possible to give you the best and safest diving experience possible. Since our start in 2005 we have grown to become the largest private submersible builder in the world. Our large fleet consists of 25 different models, and has changed the standards for private submersibles.

Each U-Boat Worx submersible is engineered and built to the highest standards. Leading Classification Society DNV individually classes each submersible by extensively testing each component. It is our innovation and in-house engineering that have led to many “world-firsts” and achievements that illustrate how our owners explore with the best submersibles.

We are the only submersible manufacturer who builds in series. The benefits of this approach are straightforward. Our customers enjoy the best quality, highest reliability and design at industry-defining prices.

The engineers and technicians in our Netherlands-based factory take individual care of each submersible assuring the highest level of precision and craftsmanship, to provide customized solutions for a particular mission or a bespoke design.
